WHEN THE CONVENTION MET

Chicago, Ill., June 16.—The Republican national convention, the fourteenth in the party's history, was called to order in the Coliseum shortly after noon today by Chairman New of the national committee, and organized. The first day's session was taken up with the address of the temporary chairman, Julius C. Burrows, of Michigan, and the announcement of committees.

The entire convention rose to its feet during the opening prayer by Bishop P. J. Muldoon. The Chicago Citizens' committee, which co-operated in the arrangements for the convention, through its chairman presented to Chairman New a handsome gavel made of wood from old Fort Dearborn.

Chairman New expressed his appreciation of the gift, and at once announced that Secretary Elmer Dover of the national committee would read the call of the convention. The introduction of Senator Burrows as temporary chairman and his address followed. Senator Burrows' speech was listened to with close attention by the immense assemblage and his more striking sentences were liberally applauded. At the first mention of President Roosevelt's name the convention became enthusiastic.

The conclusion of Chairman Burrows' address was followed by the call of States to obtain the names of members of various committees. At its conclusion the convention adjourns until tomorrow.

PANTS PARADE.

Taft's Trousers Are to Be Taken in Procession by Texans.

Chicago, June 16.—A telegram announcing that the trousers made from Texas wool to be presented Secretary of War Taft had been expressed from Washington was received by Colonel Cecil A. Lyon and he immediately began the preparation of a proper reception. The programme will include the exhibition of the trousers at the Coliseum if Taft is nominated. The Texas delegation will seek to lead the column through the aisles in the usual procession of enthusiastic delegates, of which an American nomination invariably is the signal. Colonel Lyon expects to have the trousers hoisted upon the Texas standard.

He has declared, however, says Mr. Kurtz, that he does not believe that Taft, if nominated, can be elected, or even carry his own state.

Blames Illegal Operation.

Macomb, Ill., June 16.—Darius Hicks, aged fifty years, a farmer and stockraiser worth \$100,000, committed suicide. He left a letter in which he says an illegal operation had been performed a few weeks ago on a married woman who for two years had been his housekeeper, his wife being dead. The woman is in a critical condition in a hotel at Keokuk, Ia. In the letter Hicks alleges he is not responsible for the operation, but says he feared he would be blamed.

Slight Improvement.

New York, June 16.—Improvement in the condition of Senator Joseph W. Bailey was reported Monday night. During the afternoon his physicians issued a statement that his condition "was quite as favorable as that of yesterday," and at night it was said that it showed a slight improvement during the day. BRYAN, TEXAS, JUNE 17, 1908.

It is not position but disposition that makes a person happy or the reverse.

A New York church has opened a Sunday evening "smoker, for men only," and a Chicago church has established a courting room, "equipped with cosy corners, sofas built for two, dim lights, and other conveniences" appreciated by lovers. It has not been announced that any church has set up a bar for liquid refreshments, presided over by a skilled mixologist.

"We are all for Taft, though none of us want him," said one of the delegates at Chicago. This tells the whole story. President Roosevelt has named the candidate, made the platform and arranged the whole work of the convention down to the minute details. The delegates are simply puppets, moving when he pulls the strings. Such a situation is unparalleled in American political history.

In justice to themselves and to the cause they are advocating the commercial secretaries ought to specify the laws they seek to have repealed, the laws they wish to have amended and the new laws they will endeavor to have enacted. The people are naturally and justly suspicious of disingenuous methods, while frankness inspires confidence. The people are not likely to vote for a proposition that has nothing to recommend it but a catchy phrase and glittering generalities.

INDIANAPOLIS PREPARES FOR THE SINGERS.

Indianapolis, Ind., June 16.—Indianapolis is in holiday attire for the thirty-second annual national music festival of the North American Saengerbund, which convenes tomorrow evening. Every train today brought its quota of delegates and visitors and indications point to an enormous attendance.

The decorations of the convention hall at the fair grounds, where the meetings and concerts will be held, have been completed. The work has been artistically done, and the great building presents a beautiful and attractive appearance. The German House, the leading hotels, and other buildings in the city have also donned gala attire.

The national colors of Germany and the United States are blended harmoniously in all the decorations. Great streamers of red, white, black and blue, with the flags of the two countries, are used in profusion. Another feature of the decorations consists of portraits of Beethoven, Mozart, Haydn, Wagner, Schubert and Mendelssohn.

The saengerfest will be in session three days. During that time there will be five concerts, in which thousands of vocalists, representing over 150 German singing societies throughout the country, will participate. Besides these participants, there will be the New York Symphony Orchestra with 100 men, under Walter Damrosch, conductor, and Mme. Schumann-Heink, David Bispham, and other noted soloists.

COTTON CROP SUMMARY.

The Memphis Commercial Appeal's summary of the cotton crop, published yesterday, is as follows:

The rainfall for the past ten days in the Central and Western States of the cotton belt has been above the normal. In the Eastern States the rainfall has been light to moderate. The cultivation is well advanced and the crop is very promising.

In Oklahoma, Western Arkansas and the northern tier of Texas counties only, the rainfall has been excessive and prolonged. The crop there is badly in need of cultivation, and the bottom lands have been inundated and much of the cotton destroyed. The water in many bottoms is still on the lands, and they will be lost to cotton. Where it has receded at this date the farmers are rushing the work of replanting.

The crop in Southern Texas is well advanced and the plants are heavily fruited.

MRS. ZEHNER'S LECTURE.

A goodly number of ladies met at the Methodist church yesterday at 4 p. m. to hear Mrs. Zehner of Dallas discuss prohibition. The well known lecturer is a native of Tennessee but now a resident of Dallas. Having visited Bryan before, her strong, musical voice, her pleasing address and her oratorical power is well known.

After the lecture a local society of the "Ballotless Legion of the Stainless Flag," was organized. Mrs. Lem Hall was elected commander. For each of the churches whose members participated the following ladies were elected to solicit members for the society.

Baptist—Mrs. J. C. McHaney.
Methodist—Mrs. Houston Cole.
Christian—Miss May Burtis.
Free Baptist—Miss Lena Searcy.
At 8:30 p. m. Mrs. Zehner lectured on the "Epochs of History" to a full house of ladies and gentlemen.

SPECTACULAR FIRE.

Every State and Territory Represented at It.

Chicago, June 16.—Every state in the union was represented in a crowd of 150,000 persons who fought Monday night for a point of vantage from which they might witness one of the most spectacular fires that has occurred in Chicago for years. The blaze was in the old city elevator which stood on the west bank of the river half a block south of the Twelfth street viaduct.

For more than three hours, until the structure collapsed the flames leaped high in the air, despite the fact that half the engine companies in the city and two fire tugs poured streams of water into it from all sides. The elevator, which had been emptied, was being razed, and the loss, estimated at \$650,000, falls on the contractors, the S. Krug Wrecking company. An additional loss of \$15,000 was caused by the burning of some cars in the yards.

Not Prohibited, Says Colquitt.

Austin, June 16.—Railroad Commissioner Colquitt has addressed a letter to L. Benedict, a clerk in the bridge and building department of the Galveston, Harrisburg and San Antonio railway at San Antonio in which Commissioner Colquitt advises him that in his (Colquitt's) opinion the anti-pass law does not prohibit free transportation of ice and fresh meat to bridge men or other bona fide employees of railroads, although it is a proposition over which the commissioner has no jurisdiction.

Up to Courts.

Des Moines, Ia., June 16.—The courts must decide whether Congressman Hull or Judge Prouty were nominated for congress in the Seventh district in a recent election primary. Hull men sought injunction against counting the vote in Pella county. The result now stands a tie.

Driven to Cannibalism.

Montreal, June 16.—The story reached here of two hunters, lost in the height of the land district, were driven to cannibalism. Joseph Guesett and M. Bernard started to hunt with August Lemieux as a guide. Another party just returned found the remains of the men. He says Lemieux had been partially eaten.

Conferred With Commission.

Austin, June 16.—General Superintendent Radetski of the Houston and Texas Central railway was here conferring with the railroad commission. It is understood he will file application with commission for suspension of commission's equipment order, due to heavy losses sustained by his road on account of recent floods.

CAVITT-GIDEON.

At 2 p. m. yesterday in St. Andrew's Episcopal church in this city, Rev. G. R. Dunn of Calvert officiating, Miss Sadie Griffin Cavitt and Mr. Samuel Edward Gideon were united in marriage, in the presence of a large assemblage of relatives and friends.

The church was attractively decorated with rare ferns, palms and elegant flowers, among which white was the predominant color.

Just prior to the ceremony Miss Hettie Smith, accompanied by Mrs. T. K. Lawrence at the organ, sang with faultless expression a song appropriate to the occasion. Mr. Howard Cavitt and Mr. John S. Cavitt served as ushers.

While Mendelssohn's wedding march was being played, the two ushers marched slowly down the aisle, followed by Miss Beulah Cavitt of Wheelock, cousin of the bride, dressed in white and carrying an arm bouquet of pink roses and ferns. Next came the bride arrayed in an exquisite white dress, trimmed with baby Irish lace, with hat, gloves and shoes of white materials. She leaned on the arm of her uncle, John Cavitt, who gave the bride away at the altar.

The groom, with his best man, Mr. Campbell of College Station, entered from the left, meeting the bride at the altar.

After the ceremony the party left the church to the strains of Lohengrin's wedding march.

The bride is the only daughter of Dr. and Mrs. J. W. Cavitt of this city, has grown up in Bryan and leaves many friends who esteem her for her many gifts and graces of person and her excellent qualities.

The groom is an instructor in the Massachusetts Institute of Technology, an institution of the same class as our A. and M. College.

Mr. and Mrs. Gideon, accompanied by Misses Norma, Beulah and Catherine Cavitt, left on the 3:40 south-bound train. At Houston they were to be met by other friends who will go with them by rail to New Orleans and thence by Morgan liner to New York. From that city the bride and groom will proceed to their home in Boston, while the other members of the party return to their several homes in Texas.

MEETING OF CITY COUNCIL.

The city council held and adjourned meeting yesterday at 3 p. m., Mayor Maloney presiding, and Aldermen Saunders, Fountain, Derden and Covey and City Secretary Clark being present.

Mayor Maloney stated that the object of the meeting was to receive and consider statements of what was needed by the fire department.

Messrs. Hamilton and Jenkins, representing the fire department, stated that the department needed 500 feet of hose.

Mr. J. A. Jackson, representing the Fabric Fire Hose Co., of St. Louis, submitted samples of hose.

After some discussion, on motion of Alderman Covey it was resolved to buy 500 feet of the Dilsas brand, guaranteed by Mr. Jackson to stand 400 pounds of pressure and to last five years. The details of the purchase of the hose were referred to the fire committee with power to act.

The subject of the improvement of the public roads leading to the city was informally discussed and all the members approved of the suggestion that the council should co-operate with the county commissioners.

Alderman Covey called attention to

the condition of the road leading out by Allen Academy and he, as street commissioner was authorized to make the repairs that were needed as far as the city limits.

STRANGED NEGRO JAILED

Gave his Name as Andrew Shieves —Theft of Watch and Five Dollars

Deputy Sheriff Conlee was at Smetana yesterday and while there a strange negro appeared and made some purchases and left the place.

Not long after his departure Henry Warren, another negro, came up and described the stranger, stating that some church money, about five dollars, had been stolen and in company with Mr. Conlee went in pursuit.

When the stranger was overtaken the negro dug up the stolen money and in search Mr. Conlee pulled a watch from him asking Warren if he knew anything about it. Warren exclaimed "Lord! that's mine, I didn't know the negro had my watch."

JNO. C. VICK MILLING FEED, GRAIN

The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

PLATFORM PLANKS.

Those Drafted Up to Opening of Convention.

Chicago, June 16.—The Republican platform as it stood up to noon Tuesday praises the administration of President Roosevelt in the following language:

"In this, the greatest era of American advancement, the Republican party has reached the highest service under the leadership of Theodore Roosevelt. His administration is an epoch in American history. In no other period since national sovereignty was won under Washington or preserved under Lincoln has there been such a mighty progress of those ideals of government which make for justice, equality and fair dealings among men. The great accomplishments of President Roosevelt have been first and foremost his brave and impartial enforcement of law; prosecution of illegal trusts and monopolies; exposure and punishment of evil-doings in public service; more effective regulation of rates and service of great transportation lines; complete overthrow of preference, rebates and discriminations; arbitration in labor disputes; amelioration of the condition of wage workers everywhere; conservation of natural resources of the country; forward step in improvement of inland waterways, and the always earnest support and defense of every wholesome safeguard which will make more secure the guarantees of life and liberty and prosperity.

"These achievements make for Theodore Roosevelt his place in history, but more than all else of the great things he has done it will be an inspiration to those who have yet greater things to do.

"We declare our unflinching adherence to the policies thus inaugurated and pledge a continuance under Republican administration of the government. Only by obstruction and filibustering did the Democratic minority in the last lower house of congress prevent the enactment of a number of measures of great public benefit, consideration of which can only be entrusted to another Republican majority.

"The Republican party declares unequivocally for revision of the tariff by a special session congress immediately following the inauguration of the next president and commends the steps already taken to this end in the work assigned to the appropriation committees in the two houses, which are now investigating the operation and effect of existing schedules."

The platform approves the emergency measures adopted by the government during the recent financial disturbance, and especially they commend the passage by the last session of congress of a temporary enactment designed to protect the country from a repetition of such stringency only until there be established a permanent currency system that will avoid all emergencies.

"We approve the enactment of a railroad rate law and the vigorous enforcement by the present administration of the statutes against rebates and discriminations, as the result of which advantage formerly possessed by large shippers over small shippers have substantially disappeared.

"In line with the purpose to secure by every wise means a greater safety and stability in the banking and currency system, we favor the establishment of the postal savings bank for the people, upon the principles expressed in the measure now pending in congress and set for a vote Dec. 4.

"We declare for such amendments to the statutes of procedure in Federal courts with respect to the use of the writ of injunction as will, on one hand, prevent the summary issue of such orders without proper consideration, and, on the other, preserve undiminished to the power of the courts to enforce their process to the end that justice may be done at all times and to all parties.

"The Republican party has been for more than fifty years the consistent friend of the American negro. It gave him freedom and citizenship.

"We demand equal justice for all men, without regard to race or color."

The platform as drafted also urges an amendment to the Sherman anti-trust act to give Federal control to corporations, but relieve labor organizations from its provisions; condemns "jim crow" cars; approves the policy to keep the nation always ready for defense; promises ratification of The Hague conference treaties.
